As some of you know I have been pursuing education in the last few years in my off time from working at Knick Knacks. As a result, I have decided to pursue a new career in nursing. This should not have any effect on Knick Knacks and its continued success. It will not affect your ability to shop and run a business here. It will not affect your ability to socialize, make friends, or make money at Knick Knacks.

I am happy to announce that Bryan and Merichelle Jones have purchased and will take over the business of owning, managing, and improving Knick Knacks. Bryan has had an interest in Knick Knacks since his father and I opened it in 1992. He has an extraordinary advantage in that he saw it inception and worked here as a young boy. He and his wife, Merichelle, have owned other businesses and are ready to place their full time focus on the store. They have already made many improvements that you can see when you walk inside the store and many improvements to the website and advertising that you will see soon. I will be assisting them for a few months to ensure a smooth transition.

Even though this is an exciting time for me since I have graduated, it is also a sad time. Knick Knacks has been a part of my life since 1992 and I feel like all of our staff, vendors, and customers are family. I remember some of your children when they were babies. I appreciated the enormous support when my husband, Sam, passed away a few years ago, and I appreciate the joy that everyone gives me when I'm at the store.

Thank you and best regards to you all! Kathy

We will have a vendor meeting on October 18th at 6:00PM.

We hope to see everyone there to discuss some of the changes we are making at Knick Knacks. We also want to discuss any ideas the vendors may have in order to improve Knick Knacks.
